

Dear kindergarten parents,

We are very happy to have your child enrolled in our kindergarten program. We also understand the difficult decisions that you are faced with in your public school districts.

We want to reassure you that DNPCCNS kindergarten can take the place of your child's district kindergarten year and will prepare them to enter first grade in the fall of 2021.

Please know that your child's health is our priority and we are putting every effort into place to provide a safe and nurturing educational experience.

Currently, we have been approved to open five days a week, every week, 10 children per class. We are also available for a full day program. Afternoon class will be reinforcement of phonics and math lessons as well as enrichment classes such as science, social studies, theater, music and movement. We are currently working on a complete virtual program for our children should we need to close for a period of time.

Should you have any questions or concerns, please contact us. We look forward to seeing you in September.

Kim and Barbara
